<a href="#">Boston College University Libraries</a>	No set amount	February, 2014		All Boston College faculty, researchers and currently enrolled students are eligible to apply for funding.	Peer-reviewed articles published in fully open access journals and accessible immediately on publication are eligible.  The Directory of Open Access Journals and the Open Access Scholarly Publishers Association will be used to vet the journals' quality and open access credentials, as will articles in the academic press about predatory practices.  "Hybrid" open access journals, are not eligible.	-- Authors who have external funding which can be used for publishing fees are not eligible.  -- The annual funding limit for each author will be \$3000.  -- Authors who receive OA funding must also deposit the article in eScholarship@BC.	# Articles Approved: 52 # Articles Reimbursed: 46 # Unique Submitting Authors: 36 # Unique Departments: 12 # Unique Journals: 32 # Unique Publishers: 18  NOTES: Through June 30, 2018
<a href="#">Brandeis University Library &amp; Technology Services</a>	\$25,000	October, 2013		LTS funding is available to faculty, staff and students. Only one author per article may apply.	Funding is available for open access journals that do not charge a fee for institutions, libraries or readers for access to the content, and do not have an embargo period for access. This includes:  - Members of the Open Access Scholarly Publishing Association (OASPA) - All Journals in the Directory of Open Access Journals that allow author to retain distribution rights. - Hybrid journals that allow authors to retain distribution rights.	In order to include as many authors as possible while covering typical costs LTS will support 100% of the supported charges with a limit of \$3000.00  Only those fees associated with open access publishing are eligible for	# Articles Approved: 18 # Articles Reimbursed: 16 # Unique Submitting Authors: 13 # Unique Departments: 9 # Unique Journals: 14 # Unique Publishers: 8  NOTES: Through June 30, 2015

					WakeSpace.		
<a href="#">Wayne State University Libraries</a>	\$10,000	March, 2016		Funds are available to current full-time Wayne State University Faculty. One award per author per funding year.	Peer-reviewed journal articles and scholarly monographs, and/or their related or supporting data sets, are eligible for support from the fund. Venues for publication must either be members of the Open Access Scholarly Publishers Association (OASPA, <a href="http://oaspa.org/">http://oaspa.org/</a> ), or meet the membership requirements of OASPA, as delineated under OASPA's Membership Criteria ( <a href="http://oaspa.org/membership/membership-criteria/">http://oaspa.org/membership/membership-criteria/</a> ) and Code of Conduct ( <a href="http://oaspa.org/membership/code-of-conduct/">http://oaspa.org/membership/code-of-conduct/</a> ). Hybrid open access arrangements ("paid open access" or "open choice") may be considered on a case-by-case basis, with the understanding that publishers offering open choice may not meet 100% of the above criteria. The publication must be free of any embargo period which might limit access for a specific time after publication.	The fund seeks to support at least ten projects a year. Applicants to the fund may request amounts up to 1/10th of the total fund [request cap is currently \$1,000]; fees less than that amount are eligible for full funding.	# Articles Approved: 38 # Articles Reimbursed: 25 # Unique Submitting Authors: 43 # Unique Departments: 25 # Unique Journals: 34 # Unique Publishers: 26  NOTES: Data through June 30, 2018
