- 11.4 **In some instances, a Participating Member Institution may have an existing agreement with Licensor which is still in term and has not otherwise been terminated. The existing Agreement does not cover the Licensed Works accessed through the Licensee under this Agreement.**
- 11.5 Subject to the requirements of any laws local to the parties, this Agreement may be executed in any number of counterparts, each of which when executed and delivered shall constitute a duplicate original, but all the counterparts shall together constitute the one agreement. The parties agree to be bound by photocopy, scanned, facsimile, electronic, or other copies, which shall have the same effect for all purposes as an ink-signed original.
- 11.6 This Agreement may be amended **by agreement in writing executed by both parties.**
- Notice of any proposed amendments to this Agreement may be delivered to the Licensee by the Licensor electronically through the Licensor's online customer support account management system.
- 11.7 Neither the Licensor nor the Licensee shall be responsible to the other for any failure to perform any obligation under this Agreement due to Acts of God, war, riot, embargoes, acts of civil or military authorities, fire, flood, typhoon, wind storm, snow storm, blizzard, hurricane, or other cause that is outside the control of the party and could not be avoided by the exercise of due care. Notwithstanding the occurrence of any of the events set forth in this Clause, the parties shall at all time use reasonable efforts to perform all obligations under this Agreement in a timely manner, taking account of the existing circumstances.

In this section 11.8:

(i) "Official" includes any: (a) official or employee of any government or instrumentality of government, including any government-controlled commercial enterprise; (b) political party or party official; and (c) any candidate for political office; and

(ii) "Affiliate" shall mean, in relation to a party, a person who is, from time to time, a subsidiary or parent of that party, or is a subsidiary of that party's parent.

11.8.1 The Licensee represents and warrants that it shall not act, or omit to act, in such a way as to give rise to a breach by it, or any of its Affiliates, of any applicable law related to bribery, corruption or any related matter, including, without limitation, the laws of the United States and the laws of England and Wales.

11.8.2 The Licensee represents and warrants that it shall not offer, promise, pay, give or authorize (tacitly or otherwise) any financial or other advantage, on behalf of Licensor:

- (i) To any person in order to induce that person improperly to perform a function or activity in connection with a business or organization, a person's employment or a public

function; or

(ii) To any Official to influence that Official in connection with obtaining business or a business advantage for Licensor;

11.9 No provision in this Agreement is intended to be enforceable by any Third Party.

11.10 The rights of the parties arising under this Agreement shall not be waived except in writing. Any waiver of any of a party's rights under this Agreement or of any breach of this Agreement by the other party shall not be construed as a waiver of any other rights or of any other further breach.

11.11 Headings used in this Agreement are for convenience and are deemed not to be part of the Agreement.

1. Except where expressly stated otherwise, the terms in this Annex shall only apply in relation to a Journals Subscription, if any, purchased under this Agreement.
2. Subject to Clause 3 of this Annex, and notwithstanding the expiry of the Subscription Period the Participating Member Institution shall be entitled to continuing access to the Journals or portion(s) thereof that were published for the first time during the Subscription Period on the same terms as this Agreement, provided that the Licensee shall pay any relevant hosting fees.
3. If the Licensor ceases to hold the publication rights of any of the Licensed Works, and is no longer able to provide the access described in Clause 2 of this Annex, the Licensor shall, in consultation with Participating Member Institution, make all reasonable efforts to ensure that continuing access is provided:
 - a. by the new publisher of the relevant Licensed Work; or
 - b. **if the Licensor ceases to hold the publication rights of any of the Licensed Works, and is no longer able to provide the access described in Clause 2 of this Annex, the Licensor as a participating publisher in the NISO Transfer Code of Practice, shall, in consultation with Participating Member Institution, ensure that the journal content remains easily accessible during the transfer process; or**
 - c. through Portico, CLOCKSS, or a similar 3rd party archive and in such case the Licensor shall provide all relevant details of the Licensee and Participating Member Institutions to the 3rd party in order to enable access to the 3rd party archive by the Licensee and Participating Member Institutions. Such access will be subject to the Licensee's fulfilling the 3rd party's terms and condition for access; or
 - d. by providing the Participating Member Institution with an electronic copy of the relevant Licensed Works for the purpose of self-hosting. Such provision will be subject to Licensor approval and the parties agreeing additional terms and conditions in connection with the provision and self-hosting of such electronic copy.
4. In this Clause, "Standard Rate Subscription" shall mean a full rate institutional subscription for Journals taken out by a Participating Member Institution directly with the Licensor (i.e. not via a consortium or network):
 - a. The Charges are conditional on each Participating Member Institution retaining any Standard Rate Subscription that it held directly with the Licensor in the year preceding the Subscription Start Date.
 - b. If a Participating Member Institution fails to renew any Standard Rate Subscription or replace any such Standard Rate Subscription with Standard Rate Subscription of an equal or higher value, then the Charges will be increased by an amount equivalent to the online-only subscription rate current at the time of the Subscription Start Date for each cancelled Standard Rate Subscription.
 - c. For the avoidance of doubt, Clause 4(b) of this Annex shall not apply if a Participating Member Institution has converted a Standard Rate Subscription to an online-only model rate subscription.

PRICING & TERM

YEAR	AMOUNT
2018	\$4,628,071.79 USD
2019	An amount equal to the previous year's charges subject to a discretionary annual increase as notified by the Licensor. Such increases shall not exceed 3% of the previous year's charge for Participating Member Institutions that take new transfer titles, and 3.5% of the previous year's charge for Members that do not take new titles.
2020	An amount equal to the previous year's charges subject to a discretionary annual increase as notified by the Licensor. Such increases shall not exceed 3% of the previous year's charge for Participating Member Institutions that take new transfer titles, and 3.5% of the previous year's charge for Members that do not take new titles.

1. An annual reconciliation of transfer titles will be undertaken and those titles to which a Participating Member Institution had a subscription in the previous year to transfer will have the **list price** of that subscription added to their base value. Titles that transfer after a certain date will be added to the subsequent year's list of transfer titles and if a school wants immediate access, must subscribe to it outside and the following year will have it added to their base. At renewal, OUP will remove the value allocated to the journal in the previous year for titles that are leaving the collection. **Upon receipt of documentation showing past payment to previous publisher, the Licensor will apply the appropriate existing content increase to the previously paid amount for package/database subscription transfer titles.**
2. For the 2019 and 2020 renewal years:
 - (i) a Participating Member Institution may optionally continue subscription to the formerly subscribed transfer titles at the Standard Rate Subscription to continue access to them, and/or;
 - (ii) subscribe to the transfer titles on an individual title by title basis outside of the journals package via order directly from Oxford or from the Participating Member Institutions' serials agent, and/or;
 - (iii) opt to gain access to the unsubscribed transfer titles by paying an access fee of 10% (not to exceed \$3,000) of the Standard Rate Subscription value of the unsubscribed transfer titles, the total of which shall be added to the Participating Member Institution's base value.
 - (iv) a Participating Member Institution may not cancel their formerly subscribed transfer titles and then opt to gain access by paying the annual access fee for unsubscribed titles at the reduced rate.
3. "Standard Rate Subscription" shall mean a full rate subscription taken out by a Participating Member Institution directly with the Licensor (i.e. not via a Consortium).
