

ELSEVIER SUBSCRIPTION AGREEMENT

This agreement ("Agreement") is entered into as of 01 December 2020 by and between **Colorado Alliance of Research Libraries**, 3801 E. Florida Ave, Ste 515, Denver CO 80210 USA (the "Alliance"), authorized to enter into this Agreement on behalf of itself and its member institutions, identified on Schedule 2 (the "Institutions"), and to enforce the obligations herein on the Institutions (collectively, the Alliance and the Institutions are the "Subscriber") and **Elsevier B.V.**, Radarweg 29, 1043 NX Amsterdam, The Netherlands ("Elsevier").

The parties hereto agree as follows:

SECTION 1. SUBSCRIPTION.

1.1 *Subscribed Products.*

Elsevier hereby grants to the Subscriber the non-exclusive, non-transferable right to access and use the products and services identified in Schedule 1 ("Subscribed Products") and provide the Subscribed Products to its Authorized Users (as defined herein) subject to the terms and conditions of this Agreement.

1.2 *Authorized Users/Sites.*

Authorized Users are the full-time and part-time students, faculty, staff and researchers of the Subscriber and individuals who are independent contractors or are employed by independent contractors of the Subscriber affiliated with the Subscriber's locations listed on Schedule 2 (the "Sites") and individuals using computer terminals within the library facilities at the Sites permitted by the Subscriber to access the Subscribed Products for purposes of personal research, education or other non-corporate use ("Walk-in Users").

1.3 *Authorized Uses.*

Each Authorized User may:

- ☐ access, search, browse and view the Subscribed Products;
- ☐ print, download and store a reasonable portion of individual items from the Subscribed Products for the exclusive use of such Authorized User;
- ☐ incorporate links to the Subscribed Products on the Subscriber's intranet and internet websites and in electronic coursepacks, reserves and course management systems and instructor websites, provided that the appearance of such links and/or statements accompanying such links will be changed as reasonably requested by Elsevier;
- ☐ provide print or electronic copies of individual items from the Subscribed Products to other Authorized Users and to third-party colleagues for their scholarly or research use;
- ☐ store individual journal articles from the ScienceDirect Subscribed Products in the private library of a social networking site for the Authorized User's own personal use only;
- ☐ share individual journal articles from the ScienceDirect Subscribed Products with third party

colleagues individually for their scholarly or research use;

- share individual journal articles from the ScienceDirect Subscribed Products with a limited number of third party colleagues as part of an invitation only working group on non-commercial platforms or tools, for personal, scholarly or research use; and
- access, search, browse, view, print, make electronic copies and store for the exclusive use of such Authorized User or, if the Authorized User is a librarian/information specialist, for the exclusive use of another Authorized User certain journal articles and book chapters from the ScienceDirect® online service that are not subscribed to as part of the Subscribed Products, with each twenty-four (24) hour access period for a selected article or chapter, a “Transaction”.

The Subscriber may:

- deliver journal articles from Subscribed Titles (as defined herein) and, if any, book chapters (including all chapters of a given book) from the ScienceDirect Subscribed Products to fulfill requests as part of the practice commonly known as “interlibrary loan” from non-commercial libraries located within the United States, provided that the Subscriber’s staff reviews the requests and fulfills the requests in compliance with Section 108 of the U.S. Copyright Law (17 U.S.C. § 108) and the Guidelines for the Proviso of Subsection 108(g)(2) (Final Report of the National Commission on New Technological Uses of Copyrighted Works, 1978);
- access the text and data mining service online via an API at <http://dev.elsevier.com> at no additional cost to the Subscriber to continuously and automatically extract and index and/or process information from the ScienceDirect Subscribed Products to which the Subscriber separately subscribes and load and integrate the results (the “TDM Output”) on the Subscriber’s text-mining system for access and use by Authorized Users; and
- distribute the TDM Output externally, which may include a few lines of query-dependent text of individual full text articles or book chapters which will be a reasonable portion (“Snippets”) or bibliographic metadata. Where Snippets and/or bibliographic metadata are distributed, they should be accompanied by a DOI link that points back to the individual full text article or book chapter. Where images are used the Subscriber should clear the rights for reuse with the relevant copyright owner and/or rights holder. Further the TDM Output should include a notice in the following form:

“© Some rights reserved. This work permits non-commercial use, distribution, and reproduction in any medium, provided the original author and source are credited.”

If the Subscriber wishes to use the Subscribed Products to perform and engage in text-mining/data-mining activities that are beyond the scope of the text and data mining service described herein, the Subscriber shall priorly provide Elsevier with a description of the scope and purpose for Elsevier’s review. Elsevier will, in good faith, review such proposals in a timely fashion. Any such grant of permission by Elsevier shall be documented in a separate written agreement between the parties.

Text and data mining services online may be accessed by vendors or other third parties retained by the Subscriber only with the express written permission of Elsevier and for the index and/or process information purposes of the Subscriber.

1.4 Restrictions on Use of Subscribed Products.

Except as expressly stated in this Agreement or otherwise permitted in writing by Elsevier, the Subscriber and its Authorized Users may not:

- abridge, modify, translate or create any derivative work based on the Subscribed Products,

except to the extent necessary to make them perceptible on a computer screen to Authorized Users;

- ☐ remove, obscure or modify in any way any copyright notices, other notices or disclaimers as they appear in the Subscribed Products;
- ☐ use any robots, spiders, crawlers or other automated downloading programs, algorithms, or devices to continuously and automatically search, scrape, extract, deep link, index or disrupt the working of the Subscribed Products. Use of an application programming interface is permitted for text and data mining as stated at Section 1.3 (above).
- ☐ substantially or systematically reproduce, retain, redistribute or disseminate online the Subscribed Products; or

post individual items from the Subscribed Products on social networking sites.

Authorized Users who are individuals who are independent contractors or are employed by independent contractors may use the Subscribed Products only for the purposes of the contracted research work for the Subscriber.

1.5 Intellectual Property Ownership.

The Subscriber acknowledges that all right, title and interest in and to the Subscribed Products remain with Elsevier and its suppliers, except as expressly set forth in this Agreement, and that the unauthorized redistribution or dissemination online of the Subscribed Products could materially and irreparably harm Elsevier and its suppliers.

Notwithstanding anything to the contrary contained in this Agreement, more extensive usage terms might be permitted for open access content in the Subscribed Products as identified in the individual journal article as stated in the applicable user (e.g. CC) license.

SECTION 2. ELSEVIER PERFORMANCE OBLIGATIONS.

2.1 Access to Subscribed Products.

Elsevier will make the Subscribed Products accessible to the Subscriber and its Authorized Users from the internet address set forth on Schedule 1 or as may be otherwise set forth herein.

2.2 Quality of Service.

Elsevier will use reasonable efforts to provide the Subscribed Products with a quality of service consistent with industry standards, specifically, to provide continuous service with an average of 98% up-time per year, with the 2% down-time including scheduled maintenance and repairs performed at a time to minimize inconvenience to the Subscriber and its Authorized Users, and to restore service as soon as possible in the event of an interruption or suspension of service.

2.3 Withdrawal of Content.

Elsevier reserves the right to withdraw from the Subscribed Products content that it no longer retains the right to provide or that it has reasonable grounds to believe is unlawful, harmful, false or infringing. If the withdrawal represents more than ten (10%) percent of the number of titles comprising the Subscribed Products, Elsevier will refund to the Subscriber the amount of the Fees that is proportional to the amount of content withdrawn and the remaining unexpired portion of the period for which the Fees were paid.

2.4 Usage Data Reports.

Elsevier will make usage data reports on the Subscriber's usage activity accessible online on a monthly basis to the librarians/administrators employed by the Subscriber for internal use only. Such reports may be accessed by vendors or other third parties retained by the Subscriber only with the express written

permission of Elsevier and for the purpose of usage analysis of the Subscriber. Elsevier is agreeable to maintain jointly with the Alliance, on behalf of the Institutions, a regularly updated list of approved vendors. Elsevier can remove any vendor from the list with notice to the Alliance and the list will be reviewed and updated no less than once annually. Elsevier will maintain as confidential and not disclose to any non-affiliated third party without the Subscriber's prior written consent or as required by law any search or other usage data except in aggregated, collective or anonymized form.

2.5 *Accessibility.*

Elsevier shall use reasonable efforts to comply with the Americans with Disabilities Act (ADA), by supporting assistive software or devices such as large print interfaces, text-to-speech output, voice-activated input, refreshable braille displays, and alternate keyboard or pointer interfaces, in a manner consistent with the Web Accessibility Initiative Web Content Accessibility Guidelines 2.1 AA (<http://www.w3.org/WAI/guid-tech.html>), as applicable. Elsevier shall ensure that product maintenance and upgrades are implemented in a manner that does not compromise product accessibility. Exceptions to compliance will be noted in Elsevier's current, accurate completed Voluntary Product Accessibility Template ("VPAT") which Elsevier shall provide to the Subscriber. If the Subscribed Products do not comply or are not consistent with the applicable provisions of the ADA or Web Accessibility Initiative Web Content Accessibility Guidelines 2.1 AA, the Subscriber may adapt the Subscribed Products in order to allow Authorized Users with disabilities to access the Subscribed Products to the extent necessary to comply with applicable law.

2.6 *Elsevier Security Requirements.*

Elsevier agrees that Elsevier will abide by the data security obligations stated in Schedule 3.

SECTION 3. SUBSCRIBER PERFORMANCE OBLIGATIONS.

3.1 *Authentication.*

Access to the Subscribed Products will be authenticated by the use of Internet Protocol ("IP") address(es) and/or usernames and passwords and/or a delegated authentication mechanism requiring at least two different credentials, such as Shibboleth (as provided hereunder), as identified on Schedule 2. Distribution of usernames, passwords, credentials or otherwise providing remote access to the Subscribed Products by Authorized Users who are Walk-in Users is not permitted. Elsevier supports integration with the Subscriber's systems for authentication of Authorized Users through Shibboleth, to the extent that this integration follows practices and conventions deemed common and reasonable by the Shibboleth community.

3.2 *Protection from Unauthorized Access and Use.*

The Subscriber will:

- take appropriate measures to protect against the misuse or unauthorized access, whether by the Subscriber or any third party, through or to (a) the Subscriber's credentials used to access the Subscribed Products; and (b) the Subscribed Products and/or information derived therefrom;
- manage identification, use, access and control of all credentials used to access the Subscribed Products in an appropriately secure manner, including, but not limited to, by:
 - limiting access to and use of the Subscribed Products to Authorized Users and notifying all Authorized Users of the usage restrictions set forth in this Agreement and that they must comply with such restrictions;
 - issuing any passwords or credentials used to access the Subscribed Products only to Authorized Users, not divulging any passwords or credentials to any third party, and notifying all Authorized Users not to divulge any passwords or credentials to any third party; and

- providing true, complete and accurate IP addresses, as identified on Schedule 2, (if any) for the exclusive use by the Subscriber (including, if requested by Elsevier, written confirmation by the relevant third party internet service provider) and proactively informing Elsevier of any changes to the Subscriber IP addresses, including the addresses no longer being used exclusively by the Subscriber.
- without undue delay, deactivate any credentials when no longer needed or where access presents a security risk;
- implement appropriate policies and procedures to seek to ensure that all use of the Subscribed Products is for its legitimate business purposes and in compliance with all terms and conditions herein;
- implement and maintain its own appropriate program for credentials management and will use commercially reasonable efforts to follow the policies and procedures for account maintenance as may be communicated to the Subscriber by Elsevier from time to time in writing;
- on an appropriate basis, review access to the Subscribed Products by its passwords or credentials used to access the Subscribed Products to ensure that such access was in compliance with all terms and conditions herein; and
- promptly upon becoming aware of any unauthorized use of the Subscribed Products, inform Elsevier and take appropriate steps to end such activity and to prevent any recurrence.

In the event of any unauthorized use of the Subscribed Products, Elsevier may suspend the access and/or require that the Subscriber suspend the access from where the unauthorized use occurred upon notice to the Subscriber. In the event that Elsevier detects unauthorized use, Elsevier will promptly notify the Subscriber by email and telephone and request its cooperation to resolve and avoid recurrence of the unauthorized use and will promptly restore any suspended access once the unauthorized use has ceased and the Subscriber has taken corrective actions to ensure that such unauthorized use does not recur. The Subscriber will not be liable for unauthorized use of the Subscribed Products by any Authorized Users provided that the unauthorized use did not result from the Subscriber's own negligence or willful misconduct and that the Subscriber did not permit such unauthorized use to continue after having actual notice thereof. The Subscriber will be responsible for the adherence to the terms and conditions of this Agreement by a third party provider the Subscriber engages, in particular, if such third party provider supplies and manages IP addresses.

3.3 *Subscriber Security Requirements.*

The Subscriber agrees that the Subscriber will have in place documented policies and procedures, which may be reviewed, covering the administrative, physical and technical safeguards in place and relevant to the access, use, loss, alteration, disclosure, storage, destruction and control of information. The Subscriber will promptly notify Elsevier if it determines that there has been a breach of such safeguards if such breach results in a compromise of any information provided hereunder and cooperate with Elsevier's reasonable requests surrounding such breach including taking appropriate steps to end such activity and to prevent any recurrence.

SECTION 4. FEES AND PAYMENT TERMS.

The Subscriber will pay to Elsevier the fees set forth in Schedule 1 (the "Fees") within sixty (60) days of receipt of invoice for the Fees due for first year of the Term and, thereafter, no later than 15 December for the Fees due for the following year of the Term. The Fees will be exclusive of any sales, use, value added, withholding or similar tax and the Subscriber will be liable for any such taxes in addition to the Fees.

SECTION 5. TERM.

5.1 *Term.*

The term of this Agreement will commence on 01 January 2021 and continue until 31 December 2023 (“Initial Term”).

5.2 *Renewal.*

After the Initial Term, this Agreement may be renewed upon mutual agreement of the parties in writing for an additional one-year term(s) (a “Renewal Term”). The Initial Term and each Renewal Term are collectively the “Term”.

5.3 *Early Termination for Financial Hardship.*

The Alliance may remove any Institution from Schedule 2 of this Agreement, without penalty, if sufficient funds in that Institution’s library are not allocated to enable that Institution, in the exercise of its reasonable administrative discretion, to continue with the Agreement. The Institution agrees to give notice of cancellation to the Alliance and Elsevier as soon as reasonably possible but no later than November 1 of the preceding year and such termination will be effective December 31 of the year in which the notice period expires.

In the event of such withdrawal of an Institution, the Complete Freedom Collection Fee and the Cell Press Collection Fee will be reduced by the percentage of the given Institution’s Collection Contributions indicated in the table below:

Institution	Collections Contributions
Auraria Library	3.6%
Colorado College	2.4%

SECTION 6. ELSEVIER WARRANTIES AND INDEMNITIES.

6.1 *Warranties.*

Elsevier warrants that use of the Subscribed Products in accordance with the terms and conditions herein will not infringe the intellectual property rights of any third party.

6.2 *Indemnities.*

Elsevier will indemnify, defend and hold harmless the Subscriber and its Authorized Users from and

If any such action or claim is made, the Subscriber will promptly notify and reasonably cooperate with Elsevier. This indemnity obligation will survive the termination of this Agreement.

Except for the express warranties and indemnities stated herein and to the extent permitted by applicable law, in no event will Elsevier or its suppliers be liable for any indirect, incidental, special, consequential or punitive damages including, but not limited to, loss of data, business interruption or loss of profits, arising out of or in connection with this Agreement, or will the liability of Elsevier and its suppliers to the Subscriber exceed a sum equal to the Fees paid by the Subscriber hereunder during the twelve (12) month period immediately preceding the date on which the claim arose, even if Elsevier or any supplier has been advised of the possibility of such liability or damages.

SECTION 7. GENERAL.

7.1 *Force Majeure.*

Notwithstanding the foregoing, a party's financial inability to perform its obligations will in no event constitute a Force Majeure..

7.2 *Severability.*

The invalidity or unenforceability of any provision of this Agreement will not affect any other provisions of this Agreement.

7.3 *Entire Agreement.*

This Agreement contains the entire understanding and agreement of the parties and replaces and supersedes any and all prior and contemporaneous agreements, communications, proposals and purchase orders, written or oral, between the parties with respect to the subject matter contained herein. Notwithstanding the foregoing, any archival rights in the Subscribed Products that an Institution acquired under a previous subscription agreement(s) with Elsevier will be retained.

ELSEVIER SUBSCRIPTION AGREEMENT

Schedule 1.1

Journal Subscription

Journal Collection(s):

Complete Freedom Collection: Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1995 set forth in the Complete Freedom Collection Journal Title List at http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal_title_list, as may be updated annually with the changes effective as of 1 January of the following calendar year of the term of the Agreement.

Cell Press Collection: Electronic access to the full text of all articles from the Cell Press journal titles published since 1 January 1995 identified on Annex A to Schedule 1.1.

Transferred Titles

Society journal titles for which the Subscriber holds an electronic subscription through a third-party publisher whose publication rights are transferred to Elsevier and made accessible on ScienceDirect during the Term ("Transferred Titles") will be deemed Subscribed Titles effective as of the date of transfer and for the then current publication year and the publication years previously paid unless and until the Subscriber notifies Elsevier that it no longer wishes to continue such electronic subscription on ScienceDirect. The option to substitute Subscribed Titles does not apply to Transferred Titles.

Post Termination Access to Subscribed Titles

Upon termination of all of an Institution's annual subscriptions on ScienceDirect online, such Institution may, at its option, (1) acquire, load and technically format on a server that enables access and use by such Institution's Authorized Users an electronic copy of all or part of that Institution's Subscribed Titles for the publication years paid for cost and/or (2) continue to access such Subscribed Titles online for an annual access fee based on the number of full-text articles downloaded from such titles during the prior twelve (12) months at a rate of US\$0.081 per download, with a minimum annual fee of US\$500 (adjusted annually for inflation and cost increases) for the Institution's access to the platform, in accordance with the usage provisions of this Agreement, which provisions will survive the termination of the Agreement. Elsevier will make available for inspection by a duly authorized auditor of the Institution, at the Institution's sole expense, the records concerning the calculation of the annual access fee once per year during regular business hours upon thirty (30) days written notice to Elsevier. If an electronic copy is selected, the Institution will for a period of five (5) years from delivery of the electronic copy provide, on a monthly basis, to Elsevier complete and accurate usage data reports on the Institution's on-site usage activity in a mutually agreed upon format. Elsevier will be entitled to inspect the Institution's records of usage once per year during regular business hours upon reasonable notice to the Institution. The electronic copy may not contain links and other features and functionality associated with the online version. If a particular Subscribed Title is withdrawn by Elsevier or not renewed by an Institution, but the Institution remains a ScienceDirect online subscriber, the Institution may continue to access online, at no additional charge, such formerly Subscribed Title for the publication years paid provided that Elsevier continues to hold the electronic rights thereto. For the avoidance of doubt, post termination options apply to an Institution(s) previously Subscribed Title or titles to which the Institution(s) has obtained post termination rights in a previous agreement.

Sharing of Titles Excluded from Freedom Collection

Some titles are excluded from the Complete Freedom Collection and are available to Institutions as individual subscriptions ("Excluded Titles"). The Excluded Titles include Cell Press titles, The Lancet titles, Seminars, Clinics of North America, third-party-owned titles and some society titles and are identified on the ScienceDirect website

(<https://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists>). If three or more Institutions subscribe to an Excluded Title, all Alliance members will be provided with access for the given subscription year within ninety (90) days of the start of the relevant subscription period for the

third Institution's subscription.

Option to Purchase Freedom Collection Title Post Termination Access

During the term of the Agreement, each Institution may purchase post termination access rights to any title that is in the Freedom Collection list for the subscription years of the term of the agreement from either the Alliance Account List Price identified on Annex B to Schedule 1.1, or the Freedom Collection Journal Title List for a fee of 14% of the indicated price for a cost of up to and including the applicable Alliance Institution Freedom Subscription Base listed below. Any purchases of post termination access rights for a total cost in the applicable subscription year above the Alliance Institutional Freedom Subscription Base will be priced at the then current list price of the journal.
