

## ELSEVIER SUBSCRIPTION AGREEMENT

This agreement ("Agreement") is entered into as of 29 February 2020 by and between **University of Kansas**, 1425 Jayhawk Blvd., Lawrence, KS 66045-7544, USA (the "Subscriber"), and **Elsevier B.V.**, Radarweg 29, 1043 NX Amsterdam, The Netherlands ("Elsevier").

The parties hereto agree as follows:

### SECTION 1. SUBSCRIPTION.

#### 1.1 *Subscribed Products.*

Elsevier hereby grants to the Subscriber the non-exclusive, non-transferable right to access and use the products and services identified in Schedule 1 ("Subscribed Products") and provide the Subscribed Products to its Authorized Users (as defined herein) subject to the terms and conditions of this Agreement.

#### 1.2 *Authorized Users/Sites.*

Authorized Users are the full-time and part-time students, faculty, staff and researchers of the Subscriber and individuals who are independent contractors or are employed by independent contractors of the Subscriber affiliated with the Subscriber's locations listed on Schedule 2 (the "Sites") and individuals using computer terminals within the library facilities at the Sites permitted by the Subscriber to access the Subscribed Products for purposes of personal research, education or other non-corporate use ("Walk-in Users").

#### 1.3 *Authorized Uses.*

Each Authorized User may:

- ☐ access, search, browse and view the Subscribed Products;
- ☐ print, download and store a reasonable portion of individual items from the Subscribed Products for the exclusive use of such Authorized User;
- ☐ incorporate links to the Subscribed Products on the Subscriber's intranet and internet websites and in electronic coursepacks, reserves and course management systems and instructor websites, provided that the appearance of such links and/or statements accompanying such links will be changed as reasonably requested by Elsevier;
- ☐ provide print or electronic copies of individual items from the Subscribed Products to other Authorized Users and to third-party colleagues for their scholarly or research use;
- ☐ store individual journal articles from the ScienceDirect Subscribed Products in the private library of a social networking site for the Authorized User's own personal use only;
- ☐ share individual journal articles from the ScienceDirect Subscribed Products with third party colleagues individually for their scholarly or research use;
- ☐ share individual journal articles from the ScienceDirect Subscribed Products with a limited number of third party colleagues as part of an invitation only working group on non-commercial platforms or tools, for personal, scholarly or research use;
- ☐ access, search, browse, view, print, make electronic copies and store for the exclusive use of

such Authorized User certain journal articles and book chapters from the ScienceDirect® online service that are not subscribed to as part of the Subscribed Products, with each twenty-four (24) hour access period for a selected article or chapter, a “Transaction.”; and

- if the Authorized User is a librarian/information specialist, access, search, browse, view, print, make electronic copies and store a Transaction for the exclusive use of another Authorized User.

The Subscriber may:

- deliver journal articles from Subscribed Titles (as defined herein) and, if any, book chapters from the ScienceDirect Subscribed Products to fulfill requests as part of the practice commonly known as “interlibrary loan” from non-commercial libraries located within the United States, provided that the Subscriber’s staff reviews the requests and fulfills the requests in compliance with Section 108 of the U.S. Copyright Law (17 U.S.C. § 108) and the Guidelines for the Proviso of Subsection 108(g)(2) (Final Report of the National Commission on New Technological Uses of Copyrighted Works, 1978).

The Subscriber may:

- access the text and data mining service online via an API at <http://dev.elsevier.com> to continuously and automatically extract and index and/or process information from the ScienceDirect Subscribed Products to which the Subscriber separately subscribes and load and integrate the results (the “TDM Output”) on the Subscriber’s text-mining system for access and use by Authorized Users; and
- distribute the TDM Output externally, which may include a few lines of query-dependent text of individual full text articles or book chapters which will be up to a maximum length of 200 characters surrounding and excluding the text entity matched (“Snippets”) or bibliographic metadata. Where Snippets and/or bibliographic metadata are distributed, they should be accompanied by a DOI link that points back to the individual full text article or book chapter. Where images are used the Subscriber should clear the rights for reuse with the relevant copyright owner and/or rights holder. Further the TDM Output should include a notice in the following form:

*“© Some rights reserved. This work permits non-commercial use, distribution, and reproduction in any medium, provided the original author and source are credited.”*

The Subscriber will make reasonable efforts to ensure that Authorized Users and the engaged third party vendors are aware of and informed of the requirement to comply with this Agreement.

At the request of Elsevier and at Elsevier’s cost and expense, the Subscriber will conduct an audit of the Subscriber’s or any engaged third party vendor’s text and data mining (“TDM”) environment, to ensure compliance with the terms and conditions of this Agreement.

The Subscriber will work with Elsevier to perform a self-audit of the Subscriber’s and any engaged third party vendor’s use of the entire TDM environment (which would include the extracted Data, the TDM Output, the hardware environment, software deployed and security controls in place) to ensure compliance with the terms of this Agreement. To the extent such self-audit reveals any instance(s) of non-compliance with the terms of this Agreement as it relates to the TDM environment, the parties will meet promptly to discuss such instance(s) and work together in good faith to mitigate any adverse effects thereof to either party.

Text and data mining service online may be accessed by, processed, or hosted by, vendors or other third

parties retained by the Subscriber only with the express written permission of Elsevier and solely for the index and/or process information purposes of the Subscriber. The independent contractor and/or vendor will not ingest the Dataset for any other reasons and will keep such extracted Data, the Snippets, the TDM Output separate and segregated from any other data, and will have no right or ability to use the extracted Data, the Snippets and the TDM Output in any other product or service offering.

Independent contractors and/or vendors will agree in writing to agree and comply with the terms and conditions of this Agreement and will provide Elsevier a copy of such written statement. The Subscriber will not appoint independent contractors and/or vendors which are located outside the European Union, Canada or the United States of America.

The Subscriber will exercise the same degree of care and apply the same level of security control with respect to the use of the text and data mining service online and the activities under this Agreement as with the Subscriber's own product and services.

As additional restriction in this usage grant, the Subscriber and its Authorized Users may not:

- use any robots, spiders or other automated downloading programs, algorithms or devices to search, screen-scrape, extract, or index any Elsevier web site or web application, other than the text and data mining service online via an API; nor
- utilize the TDM Output in a way that would compete with the value of the final peer review journal article or the Subscribed Products, or have the potential to compete with, to substitute and/or replicate any other existing Elsevier products, services and/or solutions or to enhance the products or services and/or solutions of the engaged vendor.

#### 1.4 *Restrictions on Use of Subscribed Products.*

Except as expressly stated in this Agreement or otherwise permitted in writing by Elsevier, the Subscriber and its Authorized Users may not:

- ☐ abridge, modify, translate or create any derivative work based on the Subscribed Products, except to the extent necessary to make them perceptible on a computer screen to Authorized Users;
- ☐ remove, obscure or modify in any way any copyright notices, other notices or disclaimers as they appear in the Subscribed Products;
- ☐ use any robots, spiders, crawlers or other automated downloading programs, algorithms or devices to continuously and automatically search, scrape, extract, deep link, index or disrupt the working of the Subscribed Products;
- ☐ substantially or systematically reproduce, retain, store locally, redistribute or disseminate online the Subscribed Products; or
- ☐ post individual items from the Subscribed Products on publicly available social networking sites.

Authorized Users who are individuals who are independent contractors or are employed by independent contractors may use the Subscribed Products only for the purposes of the contracted research work for the Subscriber.

#### 1.5 *Intellectual Property Ownership.*

The Subscriber acknowledges that all right, title and interest in and to the Subscribed Products remain with Elsevier and its suppliers, except as expressly set forth in this Agreement, and that the unauthorized redistribution or dissemination online of the Subscribed Products could materially and irreparably harm Elsevier and its suppliers.

## SECTION 2. ELSEVIER PERFORMANCE OBLIGATIONS.

### 2.1 *Access to Subscribed Products.*

Elsevier will make the Subscribed Products accessible to the Subscriber and its Authorized Users from the internet address set forth on Schedule 1 or as may be otherwise set forth herein.

### 2.2 *Quality of Service.*

Elsevier will use reasonable efforts to provide the Subscribed Products with a quality of service consistent with industry standards, specifically, to provide continuous service with an average of 98% up-time per year, with the 2% down-time including scheduled maintenance and repairs performed at a time to minimize inconvenience to the Subscriber and its Authorized Users, and to restore service as soon as possible in the event of an interruption or suspension of service.

### 2.3 *Withdrawal of Content.*

Elsevier reserves the right to withdraw from the Subscribed Products content that it no longer retains the right to provide or that it has reasonable grounds to believe is unlawful, harmful, false or infringing.

### 2.4 *Usage Data Reports.*

Elsevier will make usage data reports on the Subscriber's usage activity accessible online on a monthly basis to the librarians/administrators employed by the Subscriber for internal use only. Elsevier shall make commercially reasonable efforts to provide to the Subscriber statistics regarding the usage of the Subscribed Products by the Subscriber and/or its Authorized Users in conformance with COUNTER (Counting Online Usage of Networked Electronic Resources) <http://www.projectcounter.org/>. Elsevier will maintain as confidential and not disclose to any non-affiliated third party without the Subscriber's prior written consent or as required by law any search or other usage data except in aggregated, collective or anonymized form.

### 2.5 *ADA Compliance.*

The Subscriber is committed to making its facilities, services, programs, and activities readily accessible to and usable by individuals with disabilities as required Section 508 of the Rehabilitation Act of 1973 and the Americans with Disabilities act of 1990 with 2008 Amendments. The Subscriber seeks products and services and that will allow it to meet that commitment. Accordingly, Elsevier will use reasonable efforts to design, produce, update and/or deliver its software, products, or services or make adjustments as reasonably necessary to design, produce, update and/or deliver its software, products, or services in such a way that will enable the Subscriber to comply with the Kansas Information Technology Policy 1210: State of Kansas Web Accessibility Requirements (IT Policy 1210); Section 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794d); and the Americans with Disabilities Act of 1990 with 2008 Amendment to the extent Elsevier's software, products or services may be covered by that Act.

Elsevier will demonstrate the areas where the Subscribed Products conform to or address each of the World Wide Web Consortium's Web Content Accessibility Guidelines (WCAG) 2.0, Level AA success criteria. Elsevier may do so by submitting a Voluntary Product Accessibility Template (VPAT).

Exceptions to conformance to WCAG 2.0, Level AA, success criteria will be noted in Elsevier's VPAT for the Subscribed Products. As of the effective date of this Agreement, the Subscribed Products conform to the then current Elsevier VPAT for the Subscribed Products.

If the Subscriber notifies Elsevier that a person has made a claim against the Subscriber concerning accessibility of products or services furnished by Elsevier under this Agreement, Elsevier will make reasonable efforts to work with the Subscriber in an effort to remedy the claim in a timely manner. And the Subscriber may adapt the Subscribed Products in order to allow Authorized Users with disabilities to access the Subscribed Products to the extent necessary to comply with applicable law. If Elsevier and the Subscriber are unable or unwilling to remedy the claim in a timely manner, then the Subscriber may,

at its option, terminate this Agreement upon written notice to Elsevier without penalty or providing Elsevier an additional right to cure. Upon termination by the Subscriber pursuant to this Section 2.5 (ADA Compliance), Elsevier will refund to the Subscriber that portion of paid Fees attributable to the unused portion of the remainder of the Term of the Agreement.

### **SECTION 3. SUBSCRIBER PERFORMANCE OBLIGATIONS.**

#### **3.1 Authentication.**

Access to the Subscribed Products will be authenticated by the use of Internet Protocol ("IP") address(es) and/or usernames and passwords and/or a delegated authentication mechanism requiring at least two different credentials, as identified on Schedule 2. Distribution of usernames, passwords, credentials or otherwise providing remote access to the Subscribed Products by Authorized Users who are Walk-in Users is not permitted.

#### **3.2 Protection from Unauthorized Access and Use.**

The Subscriber will use reasonable efforts to:

- ☐ take appropriate measures to protect against the misuse or unauthorized access, whether by the Subscriber or any third party, through or to (a) the Subscriber's credentials used to access the Subscribed Products; and (b) the Subscribed Products and/or information derived therefrom;
- ☐ manage identification, use, access and control of all credentials used to access the Subscribed Products in an appropriately secure manner, including, but not limited to, by:
  - limiting access to and use of the Subscribed Products to Authorized Users and notifying all Authorized Users of the usage restrictions set forth in this Agreement and that they must comply with such restrictions;
  - issuing any passwords or credentials used to access the Subscribed Products only to Authorized Users, not divulging any passwords or credentials to any third party, and notifying all Authorized Users not to divulge any passwords or credentials to any third party; and
  - providing true, complete and accurate IP addresses, as identified on Schedule 2, (if any) for the exclusive use by the Subscriber (including, if requested by Elsevier, written confirmation by the relevant third party internet service provider) and proactively informing Elsevier of any changes to the Subscriber IP addresses, including the addresses no longer being used exclusively by the Subscriber.
- ☐ without undue delay, deactivate any credentials when no longer needed or where access presents a security risk;
- ☐ implement appropriate policies and procedures to seek to ensure that all use of the Subscribed Products is for its legitimate business purposes and in compliance with all terms and conditions herein;
- ☐ implement and maintain its own appropriate program for credentials management and will use commercially reasonable efforts to follow the policies and procedures for account maintenance; and
- ☐ promptly upon becoming aware of any unauthorized use of the Subscribed Products, inform Elsevier and take appropriate steps to end such activity and to prevent any recurrence.

In the event of any unauthorized use of the Subscribed Products, Elsevier may suspend the access and/or require that the Subscriber suspend the access from where the unauthorized use occurred upon notice to the Subscriber. The Subscriber will not be liable for unauthorized use of the Subscribed Products by any Authorized Users provided that the unauthorized use did not result from the Subscriber's own negligence or willful misconduct and that the Subscriber did not permit such unauthorized use to continue after having actual notice thereof. The Subscriber will be responsible for the adherence to the terms and conditions of this Agreement by a third party provider the Subscriber engages (if any), in particular, if such third party provider supplies and manages IP addresses.

### **3.3      *Security Requirements.***

The Subscriber agrees that the Subscriber will have in place documented policies and procedures, which the Subscriber will review, covering the administrative, physical and technical safeguards in place and relevant to the access, use, loss, alteration, disclosure, storage, destruction and control of information. The Subscriber will promptly notify Elsevier if it determines that there has been a breach of such safeguards if such breach results in a compromise of any information provided hereunder and cooperate with Elsevier's reasonable requests surrounding such breach including taking appropriate steps to end such activity and to prevent any recurrence.

## **SECTION 4. FEES AND PAYMENT TERMS.**

The Subscriber will pay to Elsevier the fees set forth in Schedule 1 (the "Fees") within thirty (30) days of date of invoice for the Fees due for the first year of the Term and, thereafter, no later than 15 December for the Fees due for the following year of the Term. Late payments will be subject to interest charges of 1% per month on the unpaid balance. In addition to other remedies provided in this Agreement, Elsevier reserves the right to suspend access to the Subscribed Products upon thirty (30) days' prior written notice and without incurring liability if the full amount of any Elsevier invoice hereunder has not been paid within the agreed payment deadline. The suspension of the Subscriber's access for non-payment or on any other grounds provided herein is without prejudice to the Subscriber's obligation to pay its outstanding and future invoice amounts in full. Elsevier and the Subscriber acknowledge that the Fees payable under this Agreement are not in the nature of royalties and consequently no withholding tax should be applied to the Fees. The Fees will be exclusive of any sales, use, value added, withholding or similar tax and the Subscriber will be liable for any such taxes in addition to the Fees.

## **SECTION 5. TERM.**

### **5.1      *Term.***

The term of this Agreement will commence on 01 January 2020 and continue through and including 31 December 2022 ("Initial Term").

### **5.2      *Renewal.***

After the Initial Term, this Agreement will be automatically renewed for successive one-year terms (each a "Renewal Term"), subject to appropriate adjustments to Schedule 1, unless either party gives notice to the other ninety (90) days prior to the end of the then current term that it does not intend to renew. The Initial Term and each Renewal Term are collectively the "Term".

### **5.3      *Early Termination Due To Insufficient Budgetary Allotment From Government.***

The Subscriber may terminate this Agreement upon thirty (30) days notice given by the Subscriber to Elsevier if sufficient funds are not provided, allocated or allotted in future government-approved budgets of the Subscriber or reasonably available or expected to become available from other sources at the time the Subscriber's payment obligation attaches to permit the Subscriber, in the exercise of its reasonable administrative discretion, to continue this Agreement. Notwithstanding the foregoing, if access to the Subscribed Products was provided but not yet paid for prior to termination, Elsevier will be entitled to receive a pro rata portion of the Fees attributable to the period of time that access was provided.

## **SECTION 6. ELSEVIER WARRANTIES AND INDEMNITIES.**

### **6.1     *Warranties.***

Elsevier warrants that use of the Subscribed Products in accordance with the terms and conditions herein will not infringe the intellectual property rights of any third party.

### **6.2     *Indemnities.***

Elsevier will indemnify, defend and hold harmless the Subscriber and its Authorized Users from and against any loss, damage, costs, liability and expenses (including reasonable attorneys' fees) arising from or out of any third-party action or claim that use of the Subscribed Products in accordance with the terms and conditions herein infringes the intellectual property rights of such third party. If any such action or claim is made, the Subscriber will promptly notify and reasonably cooperate with Elsevier. This indemnity obligation will survive the termination of this Agreement.

### **6.3     *Disclaimer.***

EXCEPT FOR THE EXPRESS WARRANTIES AND INDEMNITIES STATED HEREIN AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE SUBSCRIBED PRODUCTS ARE PROVIDED "AS IS" AND ELSEVIER AND ITS SUPPLIERS EXPRESSLY DISCLAIM ALL WARRANTIES AND REPRESENTATIONS OF ANY KIND WITH REGARD TO THE SUBSCRIBED PRODUCTS AND ANY OTHER DATA, DOCUMENTATION OR MATERIALS PROVIDED IN CONNECTION WITH THIS AGREEMENT, INCLUDING BUT NOT LIMITED TO ANY ERRORS, INACCURACIES, OMISSIONS, OR DEFECTS CONTAINED THEREIN, AND ANY IMPLIED OR EXPRESS WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

### **6.4     *Limitation of Liability.***

Except for the express warranties and indemnities stated herein and to the extent permitted by applicable law, in no event will Elsevier or its suppliers be liable for any indirect, incidental, special, consequential or punitive damages including, but not limited to, loss of data, business interruption or loss of profits, arising out of or in connection with this Agreement, nor will the liability of Elsevier and its suppliers to the Subscriber exceed a sum equal to the Fees paid by the Subscriber hereunder during the twelve (12) month period immediately preceding the date on which the claim arose, even if Elsevier or any supplier has been advised of the possibility of such liability or damages.

## **SECTION 7. GENERAL.**

### **7.1     *Force Majeure.***

Neither party's delay or failure to perform any provision of this Agreement as a result of circumstances beyond its control (including, but not limited to, war, strikes, fires, floods, power failures, telecommunications or Internet failures or damage to or destruction of any network facilities or servers) will be deemed a breach of this Agreement.

### **7.2     *Severability.***

No modification, amendment or waiver of any provision of this Agreement will be valid unless in writing and signed by the parties, except for changes reflecting substituted titles, IP addresses, authentication mechanisms, invoicing and contact address details which may be confirmed by Elsevier in an email notice

sent to the Subscriber.

**7.5 Assignment.**

The Subscriber will not assign, transfer or license any of its rights or obligations under this Agreement unless it obtains the prior written consent of Elsevier, which consent will not unreasonably be withheld.

In the event that no substitute journal title is available, Elsevier will refund to the Subscriber the amount of the Fees paid for the withdrawn Subscribed Title for the remainder of the term.

**Transferred Titles**

Society journal titles for which the Subscriber holds an electronic subscription through a third-party publisher whose publication rights are transferred to Elsevier and made accessible on ScienceDirect during the Term ("Transferred Titles") will be deemed Subscribed Titles effective as of the date of transfer and for the then current publication year and the publication years previously paid unless and until the Subscriber notifies Elsevier that it no longer wishes to continue such electronic subscription on ScienceDirect. The option to substitute Subscribed Titles does not apply to Transferred Titles.

**Post Termination Access to Subscribed Titles**

Upon termination of all of the Subscriber's annual subscriptions on ScienceDirect online, the Subscriber may, at its option, (1) acquire, load and technically format on a server that enables access and use by Authorized Users an electronic copy of all or part of its Subscribed Titles for the publication years paid for cost or (2) continue to access such Subscribed Titles online for an annual access fee based on the number of full-text articles downloaded from such titles during the prior twelve (12) months at a rate of US\$0.081 per download, with a minimum annual fee of US\$500 (adjusted annually for inflation and cost increases) for the Subscriber's access to the platform, in accordance with the usage provisions of this Agreement, which provisions will survive the termination of the Agreement or (3) access such Subscribed Titles online through the Portico electronic archiving service provided by Portico (in which case the Subscriber shall execute a separate license agreement with Portico whose terms and conditions

shall also govern the Subscriber's use of such Subscribed titles and take precedence in the event of any conflict or inconsistency with the Agreement. Elsevier will make available for inspection by a duly authorized auditor of the Subscriber, at the Subscriber's sole expense, the records concerning the calculation of the annual access fee once per year during regular business hours upon thirty (30) days written notice to Elsevier. The electronic copy may not contain links and other features and functionality associated with the online version. If a particular Subscribed Title is withdrawn by Elsevier or not renewed by the Subscriber, but the Subscriber remains a ScienceDirect online annual subscription subscriber, the Subscriber may continue to access online, at no additional charge, such formerly Subscribed Title for the publication years paid provided that Elsevier continues to hold the electronic rights thereto.

The terms, conditions, and limitations of liability of the State of Kansas, the University, and their employees are defined under the Kansas Tort Claims Act (K.S.A. 75-6101 et seq.).

3. **Termination Due To Lack Of Funding Appropriation:** If, in the judgment of the Director of Accounts and Reports, Department of Administration, sufficient funds are not appropriated to continue the function performed in this agreement and for the payment of the charges hereunder, the University may terminate this agreement at the end of its current fiscal year. The University agrees to give written notice of termination to contractor at least 30 days prior to the end of its current fiscal year, and shall give such notice for a greater period prior to the end of such fiscal year as may be provided in this contract, except that such notice shall not be required prior to 90 days before the end of such fiscal year. Contractor shall have the right, at the end of such fiscal year, to take possession of any equipment provided under the contract for which it has not been paid. The University will pay contractor all regular contractual payments incurred through the end of such fiscal year, plus contractual charges incidental to the return of any such equipment. Upon termination of the agreement under this provision, title to any such equipment shall revert to contractor at the end of the University's current fiscal year. The termination of the contract pursuant to this paragraph shall not cause any penalty to be charged to the agency or the contractor.

4. **Kansas Law and Venue:** All matters arising out of or related to this agreement shall be subject to, governed by, and construed according to the laws of the State of Kansas, and jurisdiction and venue of any suit arising out of or related to this agreement shall reside only in courts located in the State of Kansas.

5. **Required Non-Discrimination Provision:** Contractor agrees to comply with all applicable state and federal anti-discrimination laws. Contractor specifically agrees: (a) to comply with the Kansas Act Against Discrimination (K.S.A. 44-1001 et seq.) and the Kansas Age Discrimination in Employment Act (K.S.A. 44-1111 et seq.) and the applicable provisions of the Americans With Disabilities Act (42 U.S.C. 12101 et seq.) (ADA) and to not discriminate against any person because of race, religion, color, sex, disability, national origin or ancestry, or age in the admission or access to, or treatment or employment in, its programs or activities; (b) to include in all solicitations or advertisements for employees, the phrase "equal opportunity employer"; (c) to comply with the reporting requirements set out at K.S.A. 44-1031 and K.S.A. 44-1116; (d) to include those provisions in every subcontract or purchase order so that they are binding upon such subcontractor or vendor; (e) that a failure to comply with the reporting requirements of (c) above or if the contractor is found guilty of any violation of such acts by the Kansas Human Rights Commission or if it is determined that the contractor has violated applicable provisions of ADA, such violation(s) shall constitute a breach of contract and the contract may be cancelled, terminated or suspended, in whole or in part, by the University. The provisions of this paragraph (except the provisions relating to the ADA) are not applicable to a contractor who employs fewer than four employees during the term of such contract or whose contracts with the University cumulatively total \$5,000 or less during the fiscal year. In accordance with the Governor's Executive Order 18-04, the University has policies prohibiting sexual harassment, discrimination, and retaliation. The University's applicable policies on sexual harassment, discrimination, and retaliation are available at <http://policy.ku.edu/> and provide for confidentiality and anonymous reporting.

**Contractor shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance individuals in employment without regard to race, color, religion, sex, national origin, protected veteran status or disability.**

6. **Acceptance Of Contract:** This contract shall not be considered accepted, approved or otherwise effective until the statutorily required approvals and certifications have been given.

7. **Arbitration, Damages, Warranties:** Notwithstanding any language to the contrary, no interpretation of this contract shall find that the University has agreed to binding arbitration, or the payment of damages or penalties. Further, the University does not agree to pay attorney fees, costs, or late payment charges beyond those available under the Kansas Prompt Payment Act (K.S.A. 75-6403), and no provision will be given effect that attempts to exclude, modify, disclaim or otherwise attempt to limit any damages or rights of action available to the University at law, including but not limited to the implied warranties of merchantability and fitness for a particular purpose.

8. **Authority To Contract:** By signing this contract, the representative of the contractor thereby represents that such person is duly authorized by the contractor to execute this contract on behalf of the contractor and that the contractor agrees to be bound by the provisions thereof.

9. **Responsibility For Taxes:** The University shall not be responsible for, nor indemnify a contractor for, any federal, state or local taxes which may be imposed or levied upon the subject matter of this contract.

10. **Insurance:** The University shall not be required to purchase any insurance against loss or damage to property or any other subject matter relating to this contract, nor shall this contract require the University to establish a "self-insurance" fund to protect against any such loss or damage.

11. **Information/Confidentiality:** As a state agency, the University's contracts are generally public records. Accordingly, no provision of this contract shall restrict the University's ability to produce this contract in response to a lawful request or from otherwise complying with the Kansas Open Records Act (K.S.A. 45-215 et seq.). Moreover, no provision of this contract shall be construed as limiting the Legislative Division of Post Audit from having access to information pursuant to K.S.A. 46-1101 et seq.

12. **The Eleventh Amendment:** The Eleventh Amendment is an inherent and incumbent protection of the State of Kansas and need not be reserved, but the University here reiterates that nothing in or related to this contract shall be deemed a waiver of the Eleventh Amendment.

13. **Campaign Contributions / Lobbying:** Funds provided through a grant award or contract shall not be given or received in exchange for the making of a campaign contribution. No part of the funds provided through this contract shall be used to influence or attempt to influence an officer or employee of any State of Kansas agency or a member of the Legislature regarding any pending legislation or the awarding, extension, continuation, renewal, amendment or modification of any government contract, grant, loan, or cooperative agreement.

14. **Privacy of Student Records:** Contractor understands that the University is subject to FERPA (Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g) and agrees to handle any student education records it receives pursuant to this Agreement in a manner that enables the University to be compliant with FERPA and its regulations. Contractor agrees to protect the privacy of student data and educational records in a commercially reasonable manner and shall not transmit, share, or disclose any data about a student without the student's written consent, except to other University officials who seek the information within the context of his/her professionally assigned responsibilities and used within the context of official University business. Contractor shall promptly report to the University any disclosure of University's student educational records.

### **Schedule 3 Open Access Terms**

#### **1 Background**

- 1.1 Corresponding authors affiliated with an Institution shall be referred to as “Corresponding Author(s)”. For the purposes of eligibility, the Corresponding Author is the single author who manages the publication process for an article from submission to post acceptance and corresponds with Elsevier on the same.

#### **2 Open Access – Pilot**

- 2.1 During the Initial Term, Corresponding Authors are granted the right as part of an open access pilot (“Pilot”), to publish open access articles in the Elsevier owned and Elsevier published core hybrid journals set out in Annex A to this Schedule 3 (“Eligible Journals”), subject to the terms of this Schedule 3.

- 2.2 Journal inclusions may from time to time be subject to change, including, but not limited to, changes resulting from the addition of new journal titles, journal transfers and/or changes of business model or ownership.

- 2.3 If accepted for publication in an Eligible Journal, Corresponding Authors may publish the following number of open access articles during the Initial Term, without having to pay an article publishing charge (“APC”):

- (a) a total of 260 open access articles for the calendar year 2023;
- (b) a total of 265 open access articles for the calendar year 2024; (c) a total of 269 open access articles for the calendar year 2025.

- 2.4 If there are any unused articles at the end of a calendar year, such articles will not carry over to the next calendar year. Unused articles will expire at the end of the Initial Term and are not refundable.

### **3 Additional Pricing**

3.1 In the event that the maximum number of open access articles under this Agreement has been reached, then Corresponding Authors may publish open access articles in Eligible Journals at the then current list price set forth at <https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist>.

3.2 During the Renewal Term, Corresponding Authors are granted the right, as part of an open access pilot (“Pilot”), to publish an unlimited number of open access articles in the Elsevier owned and Elsevier published fully gold open access journals (excluding Cell Press and The Lancet) at a discount of 10% on the article publishing charges (“APCs”) based on the then current list price set forth at <https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist>.

### **4 Workflow**

4.1 The Elsevier publishing workflow will use the acceptance date to determine the eligibility of an article under this Agreement. In order to benefit from the commercial arrangements mentioned in this Schedule 3, articles submitted by the Corresponding Author must be accepted by the relevant Eligible Journal during the Initial Term.

4.2 In Elsevier’s journal workflow, the Corresponding Author must specify the Institutions that they are affiliated to and the relevant research funding source(s). Based on this data, Elsevier will provide the Corresponding Author with the relevant publishing options.

4.3 In the event a Corresponding Author has chosen or accepted the open access option, the journal article, if accepted for publication in an Eligible Journal, shall automatically be published under a CC BY or CC BY-NC-ND license as determined by the Corresponding Author, subject to the conditions and process set forth herein.

4.4 The Elsevier Open Access Platform (“EOA Platform”) requires the Subscriber to make reasonable efforts to accurately validate that the relevant Corresponding Author is affiliated with the Institution and will provide the Subscriber with the available relevant details including Corresponding Author name and e-mail address, DOI, article title, article type, journal title, research funding, submission and acceptance date of the article and the APC. The Subscriber will receive a notification via email to validate a Corresponding Author’s eligibility on the EOA Platform.

4.5 The Subscriber is responsible for informing Corresponding Authors that they are required to identify themselves as being a Corresponding Author in Elsevier’s journal workflow in order to benefit from the commercial arrangements under this Agreement.

4.6 The Subscriber will have immediate access for demonstration and training to the EOA Platform in order to validate a Corresponding Author’s eligibility within 15 business days after Elsevier sends an eligibility validation notification to the Subscriber via the EOA Platform (“Validation Date”).

### **5 Payment and Invoicing**

5.1 The Corresponding Author is responsible for the payment of the APC when individual APC fees apply under the terms of this agreement.

- 5.2 On validation by the Subscriber, Elsevier will, subject to the payment terms of this Agreement, send the invoice for the APC value to the address provided by the Corresponding Author when individual APC fees apply under the terms of this agreement. .
- 5.3 In the event that the maximum number of open access articles set out under clause [2.3] above has been reached during any calendar year, or the Subscriber does not validate the eligibility of an author by the Validation Date, the relevant Corresponding Author must pay the APC themselves and Elsevier will send the Corresponding Author an invoice for the applicable APC price as at the submission date of the relevant article.
- 5.4 If the Corresponding Author chooses to pay the APC pursuant to clauses 3.1, 3.2 or 5.5, Elsevier will send the invoice to the address provided by the Corresponding Author.
- 5.5 Corresponding Authors will be invoiced for any articles published in journals that are not included under this Agreement at the then current APCs as set out at <https://www.elsevier.com/books-and->

## **6 Reporting**

- 6.1 The Subscriber will have access to monthly reports that include a breakout of all articles (open access and subscription based) published by Corresponding Authors in the Elsevier journals governed by this Agreement. Minimum metadata requirements are: Corresponding Author name, Corresponding Author affiliation, corresponding e-mail, funding grant IDs (if provided), date of acceptance, journal title, ISSN, article title, article type, article APC and discount (if any), open access Y/N, DOI, and CC license.
- 7.0 Elsevier is committed to providing Subscriber with ongoing support to educate and facilitate the implementation process of the Pilot, including dashboard and report management troubleshooting marketing and engagement support such as training workshops. For the initial term of the Agreement, Elsevier's Account Management team will meet monthly with Subscriber to review OA uptake and help library staff.

## CONTRACTUAL PROVISIONS ATTACHMENT

1. **Controlling Provisions:** It is expressly agreed that the terms of each and every provision in this attachment shall prevail and control over the terms of any other conflicting provision in any other document relating to and a part of the contract in which this attachment is incorporated. Any terms that conflict or could be interpreted to conflict with this attachment are nullified.

2. **Disclaimer Of Liability:** No provision of this contract will be given effect that attempts to require the University of Kansas or any of its affiliates (collectively, "University") to defend, hold harmless, or indemnify any contractor or third party for any acts or omissions. The terms, conditions, and limitations of liability of the State of Kansas, the University, and their employees are defined under the Kansas Tort Claims Act (K.S.A. 75-6101 et seq.).

3. **Termination Due To Lack Of Funding Appropriation:** If sufficient funds are not appropriated to continue the function performed in this contract and for the payment of the charges hereunder, the University may terminate this contract at the end of its current fiscal year. The University agrees to give written notice of termination to contractor at least 30 days prior to the end of its current fiscal year, and shall give such notice for a greater period prior to the end of such fiscal year as may be provided in this contract, except that such notice shall not be required prior to 90 days before the end of such fiscal year. Contractor shall have the right, at the end of such fiscal year, to take possession of any equipment provided under the contract for which it has not been paid. The University will pay contractor all regular contractual payments incurred through the end of such fiscal year, plus contractual charges incidental to the return of any such equipment. Upon termination of the contract under this provision, title to any such equipment shall revert to contractor at the end of the University's current fiscal year. The termination of the contract pursuant to this paragraph shall not cause any penalty to be charged to the agency or the contractor.

4. **Kansas Law and Venue:** All matters arising out of or related to this contract shall be subject to, governed by, and construed according to the laws of the State of Kansas, and jurisdiction and venue of any suit arising out of or related to this contract shall reside only in courts located in the State of Kansas.

5. **Anti-Discrimination Clause:** Contractor agrees: (a) to comply with the Kansas Act Against Discrimination (K.S.A. 44-1001 et seq.) and the Kansas Age Discrimination in Employment Act (K.S.A. 44-1111 et seq.) and the applicable provisions of the Americans With Disabilities Act (42 U.S.C. 12101 et seq.) (ADA) and Kansas Executive Order No. 19-02, and to not discriminate against any person because of race, color, gender, sexual orientation, gender identity or expression, religion, national origin, ancestry, age, military or veteran status, disability status, marital or family status, genetic information, or political affiliation that is unrelated to the person's ability to reasonably perform the duties of a particular job or position; (b) to include in all solicitations or advertisements for employees, the phrase "equal opportunity employer"; (c) to comply with the reporting requirements set out at K.S.A. 44-1031 and K.S.A. 44-1116 or federal or other state equivalent; (d) to include those provisions in every subcontract or purchase order so that they are binding upon such subcontractor or vendor; (e) that a failure to comply with the reporting requirements of (c) above or if the Contractor is found guilty of any violation of such acts by the Kansas Human Rights Commission such violation) shall constitute a breach of contract and the contract may be cancelled, terminated or suspended, in whole or in part, by the University; (f) Contractor agrees to comply with all applicable state and federal anti-discrimination laws and regulations; (g) Contractor agrees all hiring must be on the basis of individual merit and qualifications, and discrimination or harassment of persons for the reasons stated above is prohibited; and (h) if it is determined that the Contractor has violated the provisions of any portion of this paragraph, such violation shall constitute a breach of contract and the contract may be canceled, terminated, or suspended, in whole or in part, by the University. The provisions of this paragraph (except the provisions relating to the ADA) are not applicable to a contractor who employs fewer than four employees during the term of such contract or whose contracts with the University cumulatively total \$5,000 or less during the fiscal year. In accordance with the Governor's Executive Order 18-04, the University has policies prohibiting sexual harassment, discrimination, and retaliation. The University's applicable policies on sexual harassment, discrimination, and retaliation are available at <http://policy.ku.edu/> and provide for confidentiality and anonymous reporting.

**Contractor shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance individuals in employment without regard to race, color, religion, sex, national origin, protected veteran status or disability.**

6. **Acceptance Of Contract:** This contract shall not be considered accepted, approved or otherwise effective until the statutorily required approvals and certifications have been given, including, but not limited to the signature of an authorized representative of the University, as defined in University policy.

7. **Arbitration, Damages, Warranties:** Notwithstanding any language to the contrary, no interpretation of this contract shall find that the University has agreed to binding arbitration, or the payment of damages or penalties. Further, the University does not agree to pay attorney fees, costs, or late payment charges beyond those available under the Kansas Prompt Payment Act (K.S.A. 75-6403), and no provision will be given effect that attempts to exclude, modify, disclaim or otherwise attempt to limit any damages or rights of action available to the University at law, including but not limited to the implied warranties of merchantability and fitness for a particular purpose.

8. **Representative's Authority To Contract:** By signing this contract, the representative of the Contractor thereby represents that such person is duly authorized by the contractor to execute this contract on behalf of the Contractor and that the Contractor agrees to be bound by the provisions thereof.

9. **Responsibility For Taxes:** The University shall not be responsible for, nor indemnify a Contractor for, any federal, state or local taxes which may be imposed or levied upon the Contractor for conducting business which is the subject matter of this contract.

10. **Insurance:** The University shall not be required to purchase any insurance against loss or damage to property or any other subject matter relating to this contract, nor shall this contract require the University to establish a "self-insurance" fund to protect against any such loss or damage.

11. **Information/Confidentiality:** As a state agency, the University's contracts are generally public records. Accordingly, no provision of this contract shall restrict the University's ability to produce this contract in response to a lawful request or from otherwise complying with the Kansas Open Records Act (K.S.A. 45-215 et seq.). Moreover, no provision of this contract shall be construed as limiting the Legislative Division of Post Audit from having access to information pursuant to K.S.A. 46-1101 et seq.

12. **The Eleventh Amendment:** The Eleventh Amendment is an inherent and incumbent protection of the State of Kansas and need not be reserved, but the University here reiterates that nothing in or related to this contract shall be deemed a waiver of the Eleventh Amendment.

13. **Campaign Contributions / Lobbying:** Funds provided through a grant award or contract shall not be given or received in exchange for the making of a campaign contribution. No part of the funds provided through this contract shall be used to influence or attempt to influence an officer or employee of any State of Kansas agency or a member of the Legislature regarding any pending legislation or the awarding, extension, continuation, renewal, amendment or modification of any government contract, grant, loan, or cooperative agreement.

14. **Privacy of Student Records:** Contractor understands that the University is subject to FERPA (Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g). The parties acknowledge that disclosure of any of the University's students' education records, if received by Contractor, is prohibited without written authority of the University and the student(s), except as required by judicial order, or by lawfully issued subpoena or as otherwise authorized by FERPA.

15. **Export Control:** Contractor agrees to comply with all U.S. laws relating to the transfer, export, or re-export of technology and technical data, as defined in the export controls under the International Traffic in Arms Regulations (ITAR) 22 Code of Federal Regulations Parts 120-130 or the Export Administration Regulations (EAR) 15 Code of Federal Regulations Parts 730-774. Contractor shall notify the University in writing prior to disclosure of any technical data or other items subject to EAR or ITAR and identify the export controlled items at issue and the applicable categories and subcategories of the United States Munitions List and/or Export Control Classification Number(s). The University reserves the right to decline to accept any items or information controlled under ITAR or EAR.

16. **Facility Access:** To the extent Contractor is required to be on the University's premises in the performance of any contract, Contractor and its representatives will adhere to the University's reasonable safety and security policies and procedures, and will use commercially reasonable efforts not to interfere with the University's regular operations. Contractor further agrees to, upon request, include the University as an additional insured on its general liability insurance policy on a primary and non-contributory basis and provide the University with a certificate of insurance.

17. **Certification:** Contractor hereby certifies that to the best of its knowledge neither it nor any of their principals are presently debarred, suspended, proposed for debarment, the subject of an indictment involving the criminal statutes enumerated in 22 Code of Federal Regulations §120.27, or otherwise declared ineligible for the award of contracts by any Federal agency. Contractor shall provide immediate written notice to the University if at any time it learns that this certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

18. **No Endorsement:** Contractor agrees it will not use or display the name, logo, marks, or images of the University to advertise and/or endorse its enterprises or products, or for any other purpose without the prior written approval of the University.
